Présentation de l'éditeur

The updated BMW Art Guide by Independent Collectors presents 256 private yet publicly accessible collections of contemporary art featuring large and small, famous and the relatively unknown. Succinct portraits of the collections with color photographs take the reader to forty-three countries, often to regions that are off the beaten path. This practical guide is a collaborative publication stemming from the partnership between BMW and Independent Collectors, the international online platform for collectors of contemporary art. To date, neither the Internet nor any book has ever contained a comparable assembly of international private collections, including several that have opened their doors for the first time.
