Kurzbeschreibung

A phenomenon across all formats, Douglas Adams' *The Hitchhiker's Guide to the Galaxy* has been a radio show, a television show, a movie and a series of bestselling novels. *The Hitchhiker's Guide to the Galaxy: The Trilogy of Five* contains all five parts of the cult classic 'trilogy': *The Hitchhiker's Guide to the Galaxy*, *The Restaurant at the End of the Universe*, *Life, the Universe and Everything*, *So Long, and Thanks for All the Fish* and *Mostly Harmless*. Filled with humour and beloved characters, The Hitchhiker series is a sci-fi comedy classic loved by millions across the globe. Amazon.de

It's safe to say that *The Hitchhiker's Guide to the Galaxy* is one of the funniest science fiction novels ever written. Adams spoofs many core science fiction tropes: space travel, aliens, interstellar war--stripping away all sense of wonder and repainting them as commonplace, even silly. This omnibus edition begins with *The Hitchhiker's Guide to the Galaxy*, in which Arthur Dent is introduced to the galaxy at large when he is rescued by an alien friend seconds before Earth's destruction. Then in *The Restaurant at the End of the Universe*, Arthur and his new friends travel to the end of time and discover the true reason for Earth's existence. In *Life, the Universe, and Everything*, the gang goes on a mission to save the entire universe. *So Long, and Thanks for All the Fish* recounts how Arthur finds true love and "God's Final Message to His Creation." Finally, *Mostly Harmless* is the story of Arthur's continuing search for home, in which he instead encounters his estranged daughter, who is on her own quest. There's also a bonus short story, "Young Zaphod Plays It Safe," more of a vignette than a full story, which wraps up this completist's package of the Don't Panic chronicles. As the series progresses, its wackier elements diminish, but the satire of human life and foibles is ever present. --*Brooks Peck* Amazon.com

Join Douglas Adams's hapless hero Arthur Dent as he travels the galaxy with his intrepid pal Ford Prefect, getting into horrible messes and generally wreaking hilarious havoc. Dent is grabbed from Earth moments before a cosmic construction team obliterates the planet to build a freeway. You'll never read funnier science fiction; Adams is a master of intelligent satire, barbed wit, and comedic dialogue. *The Hitchhiker's Guide* is rich in comedic detail and thought-provoking situations and stands up to multiple reads. Required reading for science fiction fans, this book (and its follow-ups) is also sure to please fans of Monty Python, Terry Pratchett's Discworld series, and British sitcoms.
