### Dios Habla Con Arjuna: El Bhagavad Guita, Vol. 1: La Ciencia Suprema de La Unin Con Dios Paramahansa Yogananda

The first volume in a planned two-volume Spanish-language edition of Paramahansa Yogananda's unparalleled translation and commentary on India's beloved scripture, the Bhagavad Gita. God Talks With Arjuna is one of the most comprehensive books available today on the science and philosophy of Yoga. The monumental work breaks new ground as a revelation of the Gita's profoundest spiritual, psychological, and metaphysical truths, long obscured by metaphor and allegory. Yogananda clearly outlines the Gita's balanced path of meditation and right activity, and shows how we can create for ourselves a life of spiritual integrity, serenity, simplicity, and joy. Includes in-depth discussions on Kriya Yoga what it is, and how it hastens our spiritual evolution. Of all the Eastern scriptures, the Bhagavad Gita is the most widely known and best loved in the West. In this eye-opening translation and commentary, Yogananda unveils for the first time the deeper meaning hidden within its symbology.
